

Krisztian Nemeth

Web Developer and Designer

Personal Statement

I am a web developer with 3+ years of experience in designing and developing web-based products from planning to deployment. I use skills that I gained during my studies at City of Glasgow College, as well as skills developed during studies on my own time.

I am in pursuit of a career where I could leverage my technical skills and creativity to produce accessible, responsive, functional, and visually pleasing websites and applications.

Work Experience

Freelance Web Developer

2022 - Current

- Design: Planning and prototyping
- Development: Building websites and applications from scratch with various technologies based on a brief or my own designs
- Problem solving: Identifying and resolving interface, functionality or performance related issues
- Usability/Accessibility testing: Ensuring that a product is suitable for target audiences, and is accessible and responsive on a wide range of devices
- Hosting and deployment

Shift Leader at Caffè Nero

2017 - Current

- Team Management: Leading a team, ensuring the delivery of quality customer service
- Customer Service: Actively engaging with customers, taking and completing orders, handling complaints
- Operational Duties: Handling responsibilities of opening and closing the store, cashing up, ordering and managing stock
- Quality Control: Ensuring that food and beverages are prepared and served according to standards maintaining consistency and quality
- Problem Solving: Identifying and solving issues that may arise, such as staffing shortages or equipment malfunctions, ensuring the smooth operation of the store
- Training: Assisting in the training and development of new team members, providing guidance and support
